### Bioengineered Food Disclosure Statement

To Our Valued Customers,

Please know JSB Industries is compliant with the new labelling requirements for US food manufacturers to alert consumers to the presence of genetically modified ingredients through labels, QR codes, or text messages.

We do not make a non-GMO claim on any of our Muffins, Bagels, Sandwiches, Bars or Cookies; therefore, all applicable labels have been updated as of the January 1, 2022 deadline

and read: "Contains a Bioengineered Food Ingredient"

Please feel free to contact me on my direct line below with any questions or concerns.

Best Regards,

A handwritten signature in blue ink that reads "Melissa Langone".
